2016 Track Attack Series

The Track Attack Series is the second level of racing available above club racing. This series allows club riders to race at different clubs and gain points towards year-end ranking and prizes. Track Attack points will be awarded at each event, all points accumulated at these events count toward the year-end totals.

Classes:

13 & Under Open
14 & Over Open
Girls Open
Male Cruiser Open
Female Cruiser Open
Freestyle Race Open

All regular age group Intermediate and Novice classes will be formed as per usual club race nights as required by registration numbers.

The Track Attack program will use the points table below to calculate the points for Open Classes only – regular classes will use the normal point structure used at club races. Open classes will not count toward age group wins. Expert athletes will be entered in the open classes, intermediate and novice athletes can choose to ride open if they wish.
